"The whole day felt seamless and all our guests commented on how attentive everyone was and the catering staff with Andrew. Food - incredible."

"The food from Bradley's catering was wonderful, Andrew is such a great guy and made the decision making process so relaxed."

"We were initially concerned about the fact that you have to use a specific caterer, but once we met Andrew Bradley our concerns evaporated, he created a high quality menu for our day that was far superior to any wedding food we've ever tasted."

"The most amazing food courtesy of Andrew Bradley's catering."

"The food provided by Andrew Bradley was amazing, we first met Andrew at our first viewing of the venue and we were a little nervous, given that there was no choice of caterer unlike some other places we were looking at but we were relieved when we learnt we could create our own bespoke menu, which Andrew worked with us on. We tried this a few months before the wedding and made some more tweaks, and offering a choice of main to our guests which was a great option!"
